Systems	Windows, macOS, Linux, Microsoft Office
Soft skills	Adaptable, fast learner, strong problem-solving, willing to learn new technologies

PROJECTS

BAAC | Barangay Amungan Assistant

Chatbot

Capstone project | github.com/Vaujx/BAAC

- Flask web app that gives barangay residents an AI assistant powered by the Gemini API.
- Answers questions about barangay services and helps staff schedule resident document requests.

GIF Forge

Desktop app | github.com/Vaujx/gif-forge

- Local MP4-to-GIF converter. Videos are never uploaded. Users trim clips and set size and frame rate.
- Uses an ffmpeg two-pass palette pipeline for cleaner colors. Ships as a single Windows exe.

DESKMAN

Browser tool | github.com/Vaujx/DESKMAN

- Scans a folder and sorts files into category folders such as Pictures, Videos and Documents.
- Supports batch renaming and previews every change before anything happens on disk.

AI-Powered Quiz Generator

Personal project | github.com/Vaujx/quizlet

- Processes uploaded PDF and DOCX files and uses AI to generate quizzes from the extracted content.

Batch File Translator (ForeignLanguage)

Personal Python project | github.com/Vaujx/ForeignLanguage

- Python app that translates video file names into English and renames the files.
- Scans a chosen folder and uses Selenium with Google Translate.

EXPERIENCE

IT Support Intern

February 2026 – May 2026

Botolan Municipal Police Station | Botolan, Zambales

- Completed a 300-hour On-the-Job Training practicum.
- Maintained and optimized office hardware and network connectivity.
- Helped reduce system downtime for station staff during daily operations.
